Notes:

- When an election office mails a voter registration card to a voter and it is returned by the post office as undeliverable at the specified address, the voter is marked as "Inactive". "Inactive Voters" do not have a known mailing address. However, because of federal law, an "inactive voter" cannot be removed from the voting rolls until two presidential elections have been missed.
- Voter history for "Not Since 99" voters shows no ballots cast since 1999. This means no ballots cast in presidential elections in 2000 and 2004, no ballots cast in statewide elections in 2002 and 2006, and no ballots cast in local elections from 2000-2007.
- The overlap between "Inactive" and "Not Since 99" is 16,380. The **number of phantom voters** is  $154,221 + 53,372 - 16,380 = 191,213$ .
- The type of election and/or election year cannot be identified with the "invalid" ballot codes in a voter's history. There is no known interpretation for these codes and it's unclear whether the Secretary of State and/or county clerks maintain any list for the meaning of these codes.
